1. Introduction

The OfS has approved our fees for 2020-25 as presented in our Access and Participation Plan (<https://www.ncgrp.co.uk/wp-content/uploads/2020/01/NCG-Access-and-Participation-Plan-2020-2025.pdf>)

2. Financial commitment

Where a provider charges a fee above £6,165, they are required to outline within their Access and Participation Plan how they will increase expenditure on improving the equality of opportunity for underrepresented groups to access, succeed in and progress from higher education (the student experience).

NCG has committed to spend 32.6% of our High Fee Income on Access and Participation activities. High fee income is the difference between the basic fee of £6,165 and the fee that is charged within the fee cap £9,250. This percentage is institution-based, as the OfS state:

“We will not set a minimum expected level of expenditure. Our focus will be on the outcomes that providers achieve and the level of the ambition they set, rather than inputs in the form of investment. We will challenge providers’ investment through our assessment of whether we believe their plans to be credible given the level of intended investment.”

3. Full time fee - £9,250

Students studying at a college of NCG.

From September 2024 the fee for all full time home fee paying students will be £9,250.

The higher fee includes a standard approach to student bursary and student experience expenditure being:

- Targeted WP bursary offer for all full time HE students, which is:
 - £1,000 for students from in receipt of full maintenance loans via SLC
 - £4000 for all other students
 - Access to a hardship fund
- NCG wide student experience expenditure which is:
 - Student fellowship opportunities appropriate for the size of provision
 - Committed “Work and Study Ready” guarantee expenditure for L4/5 students
 - Student scholarships appropriate for the locality and size of provision

Study ready expenditure is the purchase of core texts for each student. Work ready expenditure is a per capita budget for training, experiences, resources and memberships which enhance NCG graduates employability. Study ready assists students transition in to higher education and is therefore available to L4 students only. Programmes teams have discretion to utilise work ready expenditure at L4 in lieu of study ready based on need of cohort.

NCG fee level by programme type

Programme Type	Fee
Full Time UG programmes	£9,250
Part Time UG programmes	£4,625
PGCE	£9,250
Part Time PGCE	£4,625

International Masters with the exception of MBA	£12,000*
International MBA	£13,000*

*International Scholarships

The above international fees are applied to applicants determined as ‘overseas’ for fee purposes. International fee payers are eligible for a scholarship of £1,500 for each year of their undergraduate programme and £1,500 for post-graduate programmes. For example, for a full time undergraduate programme the fee is £12,000 and with the £1,500 scholarship applied the total fee due would be £10,500.

4. Withdrawal fee

All students have a 14-day designated cooling off period preceding the start date of their programme. If a student decides to leave within that period they will not incur any tuition fee liability and will be eligible for a refund in full.

All withdrawals after 14 days will incur tuition fee liability, even if a student has not taken the opportunity to attend or engage with the programme.

If a student cancels any third-party tuition finance such as Student Finance England, this does not constitute formal notification of their intention to withdraw and they will still be liable for any outstanding fees.

All outstanding fees become due immediately upon withdrawal from a course as set out in the table below:

Liability point	Start date	End date	Liability	Refund
