LOCAL GOVERNMENT PENSION SCHEME DISCRETIONS

SCOPE

The policy and procedure set out in this document applies to all employees of NCG, who are members of the Local Government Pension Scheme

Date of Issue: April 2021
Next Review Date: April 2024

1. Introduction

- 1.1 This document sets out below the discretions to be applied within NCG.
- 1.2 In formulating and reviewing its policy, NCG must have regard to the extent to which the exercise of its discretionary powers could lead to serious loss of confidence in the public service.

Whilst this Policy Statement sets out the general position, the Corporation must consider every application on its merit. Where there are extraordinary or justifiable circumstances, a departure from policy may be appropriate. Any departure from the Policy Statement must be authorised by Remuneration Committee or Corporation for Senior Post Holders or the CFO or Group Financial Controller (GFC) for all other staff. If the CFO or GFC have a conflict of interest the CEO will make the decision

2. Mandatory Discretions under LGPS 2014

- 2.1 Scheme employers, participating in the LGPS in England and Wales are required to formulate, publish and maintain a written statement of policy on certain discretions set out in the Local Government Pension Scheme Regulations.

- 2.2 **Funding of Additional Pension – R16(2)(e) & R16(4)(d)**

Employers will determine whether, how much, and in what circumstances to contribute to a Shared Cost Additional Pension Contribution (SCAPC).

Policy

The Corporation will not establish a Shared Cost Additional Pension Contribution scheme for any of its employees unless there is a clear financial or operational advantage to be gained by the Corporation by so doing.

- 2.3 **Flexible Retirement – R30(6) & TP11(2)**

Employers will determine whether to permit an application for flexible retirement for an active LGPS member, age 55 or over who wishes to reduce their working hours or grade.

Policy

Any application for flexible retirement will be considered on an individual basis. Normally, they will only be approved where it can be demonstrated to be in NCG's interests to do so. If an application was accepted, the Corporation would not agree to waive any actuarial reduction

- 2.4 **Waiving of actuarial reduction – R30(8)**

Employers will determine whether to waive, in whole or in part, actuarial reduction on benefits which a member voluntarily draws before normal pension age other than on the grounds of flexible retirement (where the member only has post 31 March 2014 membership).

Whether, in addition to the benefits accrued prior to 1 April 2008 (which must be paid), to permit the member to choose to draw:

- All, part or none of the pension benefits accrued after 31 March 2008 and before 1 April 2014 and/or
- All, part or none of the pension benefits accrued after 31 March 2014

Policy

This discretion will not normally be exercised.

2.5 Award of Additional Pension – R31

Employers will determine whether to grant additional pension to an active member or within 6 months of ceasing to be an active member by reason of redundancy or business efficiency (by up to £6,500 p.a. on 1 April 2014 - this figure is inflation proofed annually).

Policy

This discretion will not normally be exercised

2.6 Switch back on the 85-year rule – TPSch 2 para 1(2) & 1(1)(c)

Employers will determine whether to switch back on the 85-year rule for members voluntarily retiring on or after age 55 and before age 60.

Policy

This discretion will not normally be exercised.

2.7 Employers will determine whether to waive any actuarial reduction for a member voluntarily drawing benefits before normal pension age other than on the grounds of flexible retirement (where the member has both pre 1st April 2014 and post 31st March 2014 membership). TP3(1), TPSch 2, para 2(1), B30(5) & B30A(5)

Policy

This discretion will not normally be exercised.

- a) On compassionate grounds (pre 1st April 2014 membership) and in whole or in part on any grounds (post 31st March 2014 membership) if the member was not in the Scheme before 1st October 2016.

Policy

This discretion will not normally be exercised.

- b) On compassionate grounds (pre 1st April 2014 membership) and in whole or in part on any grounds (post 21st March 2014 membership) if the member was in the scheme before 1st April 2006, will not be 60 by 31st March 2016 and will not attain 60 between 1st April 2016 and the 31st March 2020 inclusive.

Policy

This discretion will not normally be exercised.

- c) On compassionate grounds (pre 1st April 2016 membership) and in whole or in part on any grounds (post 31st March 2016 membership) if the member was in the Scheme before 1st October 2006 and will be 60 by 31st March 2016.

Policy

This discretion will not normally be exercised.

- d) On compassionate grounds (pre 1st April 2020 membership) and in whole or in part on any grounds (post 31st March 2020 membership) if the member was in the Scheme before 1st October 2006 and will not be 60 by 31st March 2016 and will attain 60 between 1st April 2016 and 31st March 2020 inclusive.

Policy

This discretion will not normally be exercised.

3. Optional Discretions under LGPS 2014

- 3.1 There are a number of other discretions, which Scheme employers may exercise under the LGPS Regulations 2013, where a written policy is not required; however, it is appropriate that these are listed to ensure clarity on the employer's stance on these matters.

- 3.2 **Funding of Additional Voluntary Contributions – R17(1) & definition of SCAVC on RSch 1**

Employers will determine whether, how much, and in what circumstances to contribute to a Shared Cost Additional Voluntary Contribution (SCAVC).

Policy

The Corporation will pay SCAVC contributions where an employee has elected to pay AVCs by salary sacrifice. The amount of these employer SCAVC contributions will be equal to the amount of salary sacrificed by the employee. This is a Corporation discretion which is subject to the employee meeting the Corporation's conditions for acceptance into the salary sacrifice shared cost AVC scheme and may be withdrawn or changed at any time. The salary sacrifice will be a pensionable emolument and will not affect the employee's pension accrual in the main scheme.

- 3.3 **Permit a late transfer in of previous pension rights – R100(6)**

Employers, with the agreement of the Administering Authority, will determine whether to permit a Scheme member to elect to transfer other pension rights into the LGPS if the member has not made an election within 12 months of joining the Scheme.

Policy

The Corporation will consider each case on its merits, the length of any longer period allowed to be determined having regard to the facts of the particular case.

Delegated authority to consider each case is given to the Payroll and Pensions Manager. If a member disagrees with the decision, they can appeal this through the dispute resolution procedure.

This means the Corporation can agree to allow an individual who has been employed for more than 12 months to request to transfer previous pension funds into the LGPS fund.

Permission will not be granted where there is a financial risk to the Corporation.

3.4 Permit a late election to retain separate LGPS benefits – R22(7)(b) & R22(8)(b).

Employers will determine whether to permit an extension to the 12-month time limit within which a Scheme member may elect not to aggregate a previous deferred benefit with their new LGPS employment (or ongoing concurrent LGPS employment).

Policy

The Corporation will consider each case on its merits, the length of any longer period allowed to be determined having regard to the facts of the particular case.

3.5 Allocation of pension contribution band – R9(1) & R9(3)

Employers will determine how the pension contribution band to which an employee is to be allocated on joining the Scheme and at each subsequent April will be decided and the circumstances in which the contribution band will be reviewed in the course of a Scheme year.

Policy

The Corporation will inform the Administering Authority of any changes that result in a change to the member's contribution rate during the year. The employee will be notified of the change to their contribution rate.

3.6 Calculation of assumed pensionable pay R21(5)

Employers will determine whether to include the amount of any 'regular lump sum payment', received by the member in the 12-months preceding the commencement of a period of absence or the date at which ill health retirement or death occurred, in the calculation for assumed pensionable pay. A 'regular lump sum payment' is a payment for which the member's employer determines there is a reasonable expectation that such a payment would be paid on a regular basis.

Policy

The Corporation does not include any "regular lump sum" to determine Assumed Pensionable Pay for periods of absence, except when determining calculations for ill health retirement or death in service when the Corporation will consider each case on its merits. In such cases, the primary criteria will be whether it could reasonably be expected that the member would have been likely to receive that regular payment for the foreseeable future.
