The smoke free provisions of the Health Act cover not only tobacco in cigarettes, pipes and cigars but also herbal tobacco. These are all prohibited when lit, even if the person is not smoking at the time.

Second hand smoke is a health and safety issue. NCG has a responsibility to minimise as far as possible the risks to health from being exposed to second hand smoke at work.

In order that NCG fulfils its legal obligations, students and visitors (including contractors), will be required to conform to the smoking controls that apply to colleagues.
