16-19 bursary fund guide 2021 to 2022 academic year	Funding rules and guidance
ESFA funded adult education budget (AEB): funding and performance management rules 2021 to 2022	Funding rules and guidance

## 1. Purpose

This policy sets out the eligible criteria and entitlements which NCG colleges offer to learners from the Learner Support Funds, based on the ESFA funding rules and guidance. It allows some discretion to set appropriate support which align to the local needs of the colleges.

This policy ensures funds are allocated to assist learners in reducing barriers to education and to encourage engagement for those from disadvantaged backgrounds by providing financial support.

## 2. Background

This is the second year an NCG Learner Support Fund policy is in place. This policy will ensure consistency across NCG whilst allowing colleges to have local arrangements where appropriate.

## 3. Scope

This policy is to outline the financial support that can be awarded to eligible students in the 2022/23 academic year, from the following discretionary fund bursaries:

- 16-19 Discretionary Bursary Fund.
- 16-19 Vulnerable Bursary Fund.
- 19+ Discretionary Learner Support Fund.
- Advanced Learner Loan Bursary.

NCG will assess the student's actual need for financial assistance before determining whether to award financial support and the amount that is awarded.

The bursaries are a discretionary award and financial support is conditional on attendance. The expectation is that students achieve 100% attendance however there is an appreciation that in some cases financial hardship can result in a lowering of attendance. Support will be provided when a student achieves 90% or above attendance (including authorised absence) across all parts of their programme. College have the discretion at a local level to provide support to learners who have attendance lower than 90%. NCG will stop payments where students have been absent for a period of 4 continuous weeks or more.

Learners who do not demonstrate behaviours in line with the student code of conduct may have their support cancelled.

The Learner Support Funds Policy is based on the funding guidelines at the time of writing this policy; NCG reserves the right to amend the policy should the funding guidelines change.

The budget for financial support to students is finite. Students who may be eligible for support may not automatically receive it once the limited funds have

been exhausted (with the exception of those who qualify for the 16-19 Vulnerable Bursary Fund). Early application for funding is therefore advised.

All college related travel will be supported, included Industry placements, up to a maximum of £1,500.

## **8. Emergency Support**

A student may receive emergency financial support following an interview with a nominated member of staff to establish need. Sums paid will vary and may or may not be repayable, but will be the minimum required to meet the need. For emergency help a student may not have to meet the support fund financial eligibility criteria. Decisions will be made on a case by case basis.

## **9. Asylum Seekers**

Asylum Seekers aged 16-18 are eligible to access the discretionary hardship funds in the form of course related books, equipment and trip costs or a travel pass but they must not be given support in the form of cash. Asylum Seekers aged 19+ are eligible to receive cash payments as well as support in kind.

## **12. Equipment**

Learners can receive equipment as part of their support. If this equipment has a value of £100 or more, learners must return this equipment. College's must monitor equipment that is given out and ensure it is returned at the end of the learners learning aim.

## **13. Overpayments**

NCG reserves the right to amend learner support based upon changes to timetables available at the initial point of assessment; overpayment of funds may be recovered from the learner.

## **14. Administration Costs**

NCG will use 5% of each fund allocation for administration costs (excluding 16-19 Vulnerable Bursary).

## **15. Covid-19**

Support provided to learners may change in-year as a result of the exceptional circumstances due to coronavirus (COVID-19). For example, where it may not be financially viable to provide a travel pass at the commencement of the

2022/23 academic year, cash payments may be made as an alternative, which will be calculated based upon travel company ticket costs and campus timetabled sessions. Where in-year it is identified that a travel pass is more financially viable, payments may stop and travel passes purchased for learners. NCG will provide support to learners based on what is considered to be the most financially viable, to ensure that funds are used effectively and can reach as many eligible learners as possible.

We may publish further updates to this policy due to the impact of coronavirus (COVID-19) and the updated guidance from the ESFA.

## **16. How to apply**

Each college within NCG has an application form which learners are required to complete and submit, with evidence to the College nominated staff. Please see the college websites for details.

## **17. Appeals**

If a student wishes to appeal a decision regarding support, the appeal should be made to the college nominated staff within 7 working days of the original decision.

## **18. Publication**

Group Policy Statements are held centrally on the Group intranet.

## **19. Policy Assurance**

Application of, and compliance with NCG policies, falls within the remit of the Group Business Assurance Team and could, therefore, be subject to review.
